

Questions brainstorm

BEFORE

This activity has been designed for you to do with your students before an Inspiring the Future event.

Why this activity is helpful for Inspiring the Future

This activity will prepare students for the event by getting them to think about the questions they will ask the role models.

How does it tie into the curriculum?

Values

Inquiry and curiosity, diversity, equity, community and participation

Key competencies

Thinking, using language, relating to others, participating and contributing

Learning areas

English, the arts, social sciences

Instructions

Hand out the student worksheets or question prompts from the event resources.

Talk about the questions and brainstorm what other questions students could ask to learn more about more about role models' jobs and pathways.

You could even get some students to pretend to be a role model, and have the others practise on them.
